

The King's Academy Partner Experience

The Partner experience begins when someone has a heart for what is happening at The King's Academy and decides to financially support a student by bridging the gap in annual tuition. Once a partner makes their gift, we partner them with a student and encourage them to take advantage of a few benefits throughout the year. Thank you for coming alongside The King's Academy to change the trajectory for children and families in South Dallas.

How Your Experience Looks

Partners are given the opportunity to visit with their students twice throughout the year.

Partners receive a prayer card with their student's picture and brief bio and quote from them.

Partners receive a small thank you gift from their TKA student.

Partners receive all Student Life Newsletters and receive our Annual Impact Report.

Partners are included in our TKA Prayer Network.
