Attention/Small Classes

Intentional Character
Development

Discovery Days

Income-based Tuition

“ At The King’s Academy
we’re a team and a family.”
-TKA Student

Discovery Days

Discovery Days are hands-on learning days that coincide with a specific academic unit the students are learning about in class. These days are an important part of each student's learning opportunities, as they provide the opportunity for students to actively participate in their education.

Field Trips

Another way The King's Academy seeks to encourage curiosity and discovery is through yearly Field Trips. Field Trips give students in 4K and above opportunities to reinforce their learning outside of the formal classroom setting.

Exposure to new environments not only helps to build a student's social confidence, it gives the classroom a shared experience to enhance their engagement with the curriculum and increase learning retention.

**CHILDREN OF THE KING.
BORN WITH HIGH
WORTH AND PURPOSE.**

THE **A HIGHER PURPOSE**
KING'S
ACADEMY

Investing in the whole child:
spiritually, academically, emotionally.

Mission

The King's Academy partners with families to provide children with an exemplary Kingdom education by investing in the whole child; spiritually, academically and emotionally.

-Deuteronomy 6:6-9

Vision

To provide an exceptional spiritual, character and academic foundation so that the next generation is committed to Biblical truth and is equipped to fulfill God's calling in their life.

-Psalm 78:6-8

Core Values

In order to successfully fulfill its mission, The King's Academy will give priority to seven core values. TKA puts each of these core values into daily practice in every aspect of its educational program.

THE BIBLE The Bible is the inerrant Word of God that gives direction to every aspect of life. 2 Timothy 3:16

CHRIST-LIKENESS "Whoever claims to live in Him must walk as Jesus did" -1 John 2:6

CHRISTIAN FAMILY The Christian family is God's training ground for preparing future generations to know and serve Jesus Christ. Deuteronomy 6:6-9

CHURCH The church has been and always will be the instrument of God to fulfill God purposes here on earth. The church is the expression of God's kingdom to the world. Acts 2:42-47

EXCELLENCE IN EDUCATION Quality education is Bible-based, Christ-centered and one that challenges students to reach their full potential and develop godly wisdom to use their God-given abilities to impact their homes, churches, and communities for Christ.

SERVICE "Whoever wants to become great among us must be your servant, and whoever wants to be first must be your slave- just as the Son of Man did not come to be served, but to serve, and to give His life as a ransom for many." -Matthew 20:25-28

STEWARDSHIP Every aspect of the educational program must be considered a stewardship responsibility from God so that a biblical legacy will be successfully passed from one generation to the next.

Educational Philosophy

The King's Academy believes that children are a gift from God made in His image (Genesis 1:27). Therefore, every child is a unique individual with his or her own rate of physical, social, emotional, cognitive, and spiritual maturation.

Preschool

The King's Academy Preschool will provide a loving and nurturing Christian environment that will foster a love for God and learning. Early childhood is a critical time; we have established a program designed to meet the needs of young children and to promote their development both spiritually and academically.

Elementary

The King's Academy will offer an exemplary education that is Bible-based, Christ-centered and challenges students to reach their full potential. TKA believes the Bible is inerrant regardless of the topic addressed. Biblical truth should be integrated into the study of all subject areas if a child is to develop intellectually and acquire sound values.
