

The King's Academy Announces Summer Meal Services to Support Local Families

Dallas, Texas 6/1/2024 – As the school year draws to a close, The King's Academy is committed to ensuring that all children have access to nutritious meals throughout the summer months. In line with our dedication to community support and well-being, we are raising awareness about the availability of meal services provided through the Summer Seamless Option (SSO).

Whether or not your Child Nutrition Entity (CE) participates in SSO, SFSP, or another summer feeding program, it is crucial for all CEs to promote the availability of these meal services. Households in our geographical area will be informed about the locations, days, and times of summer feeding sites, ensuring that no child goes hungry during the summer break.
